

DISTRICT LEVEL THE INEQUALITY VIRUS REPORT RELEASE PROGRAM IN BRIEF

YATRI NIVAS, KHORDHA: Date: 30/01/2021

Inequality virus more endemic than novel corona virus to spread the message further down to the common man as an alliance member of fight against inequality Sahayog decided to do in Khordha district headquarter by releasing Inequality Virus Report. Accordingly planned the more accessible place where the media and guests can easily and other invited dignitaries as well. So, Yatri Nivas Khordha booked as the most convenient place. After discussing with panelists, guests and media the meeting time also decided from 11.00 A.M meeting will start and closed by 2 p.m. followed by lunch. NGOs, students, PRIs were invited to the programme. MLA Khordha S.J. Jyotirindranath Mitra gave his consent to be the chief guest of the occasion. Famous veteran senior journalist Rabi Das we have contacted. Fortunately he also agreed to join with us in the fight against inequality report release as the chief speaker of the day. Editor of "Sahitya Ghar" magazine and Ex. Principal of Begunia College Prof. Pramod Ch. Dash agreed to discuss on education inequality. Umakanta Panda who has been working in public health gave his consent to speak how the patients were suffered amid lockdown and shutdown and at the same time without proper protect shields how the health providers from doctor to the ASHAs in grass root level worked hard. More than 40 participants joined the programme mostly the media people as it was more like a press meet.

Jogamayee swain was in charge of registration. The meeting started with the back ground inequality music and welcome address of Bijayalaxmi Rautaray Secretary of Sahayog organization. Setting the context of report release she said the magnitude of loss suffered by humanity during Covid-19 lock down and shut down was unprecedented. Our district khordha and her people suffered as well. We need to analyze our context and what we can do to mitigate the gap in livelihood, health and education to prepare a blue print for Khordha. Corona Virus pandemic the world's biggest public health crisis in a hundred years only comparable with the Great Depression of 1930 in terms economic distress. Amid lock down, shut down when 138 million of our poorest Indian people suffered immensely. Millions of Indian lost their livelihood, children lost education, health care almost dismantled and inhumanly poor unorganized sector migrant workers beeline on road in barefoot without food, water and rest. This shook the mankind. But the top few emerged as the achiever with record breaking profit. As per the Inequality Virus Report wealth of Indian billionaires goes up during lockdown while millions lost their livelihood. India's 100 billionaires have seen their fortune increased by Rs.12, 97,822 crores since March 2020, enough to give every one of the 138 million poorest Indian people a cheque of Rs.94, 045 each. That is the huge gap of inequality which we can't cross and that inequality virus is more endemic than the Corona Virus said Rabi Das senior journalist in the "The Inequality Virus Report" release programme at Yatri Nivas Khordha. He said we have to remember the sufferings of people and that can teach how to fight any future debacle. When people are suffering how the Sensex going up can? Central Government has been claiming we are doing well we suffered less live loss than the USA or Italy. But our neighboring countries suffered less than us? What we are pretending to show the great joke Elephant is flying. He suggested the Medias as the third eye of society analyze the Inequality virus report and the suffering of mass for extensive by the people. Educationist Prof. Pramod Ch. Dash said the invisible inequality of online education surpassed all forms of earlier gaps in haves and haven't. You can go to any place the students those were for last 8-9 months closed

everything are least interested for education or going to school. May be they will need another round of back to school push up. MDM one of medium to end drop out and mitigate nutrition gap stopped. They didn't received any education and many more access the black side of internet surfing. Jyotirindranath Mitra honorable MLA, Khordha graced the occasion

as the chief guest. He admitted the suffering, can't denied. The huge loss is irreparable. Health, education, and livelihood everywhere we have been losing. But government of Odisha never undermines people's suffering and trying with many plan and schemes to improve the condition. We have to follow the discipline to save and protect us. Its' the truth that stay home and

stay safe was not a luxury for the poor people. But Government of Odisha is doing and will do all best possible solutions to improve people's life. He said for an equitable health care from MLA LAD he had given Rs.50 lakhs for ICU in District Hospital Khordha and the work is in progress. Media asked for bites from senior journalist Rabi Das and MLA Jyotirindranath Mitra on their opinion on the report release. Umakanta Panda described the experience during COVID-19 and how the patients and family members suffered. Citing one example he said that one day one expectant mother came to hospital and during test she was found as COVID positive. When she needed pregnancy care the hospital unable to give her service and the hospital vacated for three days for proper sanitation and in those three days how many mothers suffered anybody can guess. Poor people suffered a lot many. At last Bikram Swain gave vote of thanks to the esteemed guests, panelists, Medias, CSOs representatives, student, the staffs of Yatri Nivas, Handisal hotel for food and others.

Electronics and web TVs widely covered the news namely ETV, Kamayab, Kanak TV, News-7, Nandighosh, MBC, Focus TV and many more telecast the bites in speedy. In web prabhatv.com, Odisha rays News and others covered the news. The Samaj, Sambad, Pioneer and many other newspaper covered the news.

'Corona widened rich-poor inequality gap'

PNE  KICORDHA

As per the Inequality Virus Report wealth of Indian billionaires went up during lockdown while millions were losing their livelihood. India's 100 billionaires saw their fortune increased by Rs 12,97,822 crore since March 2020, enough to give everyone of the 138 million poorest Indian people a cheque of Rs 94,045 each.

That is the huge gap of inequality which we can't cross and that inequality virus is more endemic than the coronavirus, said senior journalist Rabi Das during the programme of release of the "The Inequality Virus Report." He said "We have to remember the sufferings of people and get a lesson as to how to fight any future debacle. When people are suffering how can the

Sensex go up? Central Government has been claiming we are doing well on economic front and on the side of controlling the epidemic.

It is saying 'we suffered less live loss than the USA or Italy'. But our neighboring countries suffered less than us? What we are pretending is to show great joke that Elephant is flying.' He suggested the media as third eye of society to analyse inequality virus report and suffering of masses.

Educationist Prof Pramod Chandra Dash said invisible inequality of online education surpassed all forms of earlier gaps between haves and haven't.
